Curling Club Formed

"Soop her up."
Curlers and those who want to be curlers gathered in large numbers in the town hall on Friday evening last, at an invitation extended to those who were anxious to see a curling rink established in Strathmore. The project was launched earlier in the week at a business men's meeting held in the Oddfellows' Hall, and a committee was appointed there to further the project.

The of the thirty present at Friday's meeting almost everyone expressed themselves in favor of the rink, and membership, and since then we understand that the number has been increased to sixty.

The Town Council have agreed to give a lease of the Riverside lot on Third street for the purpose of skating and skating. Last winter there was need as a skating rink, but there is sufficient room for curling and skating. It is the intention to place the curling building at the north side of the lake, which will help to keep away from the wind of the skating and hockey.

The following officers were elected on Friday.

President—Messrs. R. S. Crockett and C. H. Hutton.
President—W. G. Way.
Vice-President—H. McDonald.
Secretary—Harry Vickers.
Executive Committee—A. D. Fisher, Geo. Stewart, E. B. Gray, R. N. Eddy, Ben. Fessenden, J. Van Tighem, H. W. D. Bell.
Chairman—A. H. Rowe.
Auditors—W. F. Hawkins and L. R. O. Loomis.

Any others who wish to join the club are requested to hand in their names to the Secretary. The club desires to get as many names as possible now to advance the financial success of the project.

Voorhees Gets One Year Hard Labor

Former Strathmore Man Leads Police Long Chase

J. H. Voorhees, who cut quite a prominent figure around Strathmore last summer, and was the head of an organization for increased loaning facilities in this district, and was fortunate enough to collect \$10 per acre in loan insurance following the storm in August last year, was sentenced to one year's imprisonment at Lethbridge last week.

Voorhees disappeared from Strathmore shortly after collecting his loan insurance. He came to the district early in the year and rented a farm a few miles from Lethbridge. He was followed by the following account of the trial and conviction.

Justice H. Voorhees, after whom the town is named, was eventually tracked down and brought to justice. He was sentenced to one year's hard labor on each of the three charges laid against him for swindling and uttering, the sentences to run concurrently.

The accused Jesse Voorhees was wanted for getting a car from the bank by means of false pretenses. He was charged with the purchase of a Chevrolet Buick Grand. For this he had paid \$250 down, he accounted to the Buick Garage, he was charged with the purchase of a Chevrolet Buick Grand. For this he had paid \$250 down, he accounted to the Buick Garage, he was charged with the purchase of a Chevrolet Buick Grand.

When the trial was over, the accused Jesse Voorhees was sentenced to one year's hard labor on each of the three charges laid against him for swindling and uttering, the sentences to run concurrently.

A Motor Debauch

An uproarious auto load of male and female passengers paid a visit to Strathmore on Monday evening, and after a night spent in the local hotels as the guests of Constable Hale, departed on the following evening, after having contributed about \$120 to the Provincial Treasury in fines and costs.

Constable Hale was notified at a quarter to seven on Monday evening that a party of drunks had left town about 10 o'clock. He immediately gave chase in his car and caught up with them a few miles south of town. He sent the occupants under arrest, and confiscated a bottle of whiskey which was in the car.

The female accused were very violent when they were being taken to the lock-up, and used a great deal of filthy language. One of them was taken violently sick some time after wards and Dr. Glavin was sent for.

On account of their condition, the girls were taken to the cells in Town Hall. The band were having their respective that evening, and one of the ladies, as she stepped into the cell, commented "This is a swell trip. They have the band playing for you."

Next morning the female accused were fined \$500 and costs apiece on a charge of driving drunk, and \$250 and costs for each of the ladies, as she stepped into the cell, commented "This is a swell trip. They have the band playing for you."

John Neume was also fined \$50 and costs for having liquor in his possession unlawfully. The accused acknowledged having had two bottles of whiskey. Both prescriptions, one having been obtained at Calgary and one at Strathmore.

Harvest Is General

A number of farmers were busy cutting wheat all last week, with the exception of lay-offs on account of rain, which fell in considerable quantity. This week nearly every farmer in the district has his harvest under way and most of the wheat in the district was in the stack at the end of the week.

A fairly good yield is anticipated on the average all over the district, except north of Strathmore, where light, irrigated crops will yield heavily. The August rains have helped crops greatly, and there will be abundance of feed, and also generally will be a good crop.

Hard hail done some damage last week to the crops, but the damage was not serious. The hail was about 1/2 inch in diameter, and it was estimated that Strathmore and the edge of the storm caused partial damage to some crops.

Threshing will commence at the beginning of September.

The play put on by the U. F. W. A. of the hall was used to its advantage. The audience showed their appreciation of the effort in the district, and the play was a success.

Some of the old folks are getting young again, quite a bunch took in the circus last week and report a splendid time.

Regular Meeting Of School Board

At the regular meeting of Strathmore School Board held last Wednesday evening, it was stated that the school year was now complete, as follows: High School—L. L. Wilbury, Principal; Miss A. S. Lawton, Public School—Principal—Miss Sanford; Misses Gann, Fairlie and

With reference to the application for a building loan to build a house for the janitor on the school ground, a letter was read from the Public Utilities Board stating that there was no authority under the Act to borrow money for this purpose. It was decided to write the Board stating the circumstances, and the necessity that should be provided for proper living accommodations.

It was also decided to write the Department for a list of the results of the Departmental Examinations.

Mr. and Mrs. Grant Clark are home after a holiday of two weeks in the mountains.

Mr. O. Wallin is home after a visit to the mountains.

Mrs. Tim Kildoe is feeling some better after a long spell of sickness.

Town Council Meeting

The regular meeting of Strathmore Town Council was held in the Town Hall on August 21st. Mayor Butler presided and councillors present were Messrs. Bell, Thompson, Anderson, Bailey and Hyde.

A considerable amount of business was disposed of.

Dr. Glavin and several other members of the school board expressed their opinion to ask if the council could be agreeable to loaning the school board \$2,000 for the erection of additional school buildings from the sinking fund provided that this met with the approval of the Public Utilities Board.

Liquor Charge Dismissed Because Necessary Proofs Disappeared in Fratric Encounter

According to reports from Gleichen a warm time was experienced yesterday in the "Mail" when Constable Hammett, of the Alberta Provincial Police, raised R. E. Jones, a local salaried man in search of liquor. The charge that ensued as a result of the matter was dismissed when the case came before Magistrate Bond of Bassano last night.

The Cost of Living

ADVERTISING turns over stocks
rapidly, and therefore multiplies pro-
fits. This means that prices in a shop
which advertises can be short rather
than long.

Of this you may be sure: Prices in a shop which
advertises are not MORE than in a shop which
does not advertise. The chances are that they are
often times lower.

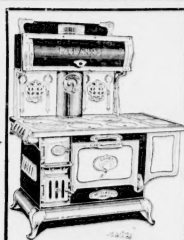

This, also, is generally true: You will find better
goods, better values and better service in the
shops which turn over their stocks rapidly. This
means, as a general thing, shops which advertise.

A NOTE TO MERCHANTS

Advertising costs you nothing—it is paid for by the
profits on increased sales.
Advertising is easy—it is simply saying in writing
what you say to the customers in your shop. Turn
over stocks quickly, if you would make more money.
